

FLOOR MOUNT GLIDE-OUT RACK

RACK ENGINEERING DIVISION, LLC

FLOOR MOUNT GLIDE-OUT RACK

Rack Engineering Division, LLC Floor Mount Glide-Out Rack is a custom fit storage solution that takes advantage of available space under conveyors or pallet rack systems. The Floor Mount Glide-Out Rack is fully extendable for easy and safe access to the contents of the shelf or drawer. This rack is also available with fixture options that convert it from Glide-Out only to Glide-Out with rotation. The Floor Mount Glide-Out Rack is available up to 3,000 pound weight capacity to handle heavy loads for a safer, easier way to handle storage under pallet racks and conveyors.

STANDARD FEATURES

Floor mount under conveyors and pallet racks
Up to 3,000 pound capacity standard with higher capacities available upon request

ABOUT US

Rack Engineering Division, LLC specializes in the manufacturing of racking and storage solutions that are heavy duty and constructed to endure high capacities and tough industrial environments. Rack Engineering Division, LLC was originally founded in 1935 in response to an industry need for cost effective solutions to storage and handling problems for raw materials and tooling while helping customers save time and space by optimizing workflow. Since this time we continue to solve high capacity storage challenges with a quality product supported by a wide network of distributors and integrators throughout North America.
