

SPARE PARTS CABINET

RACK ENGINEERING DIVISION, LLC

SPARE PARTS CABINET

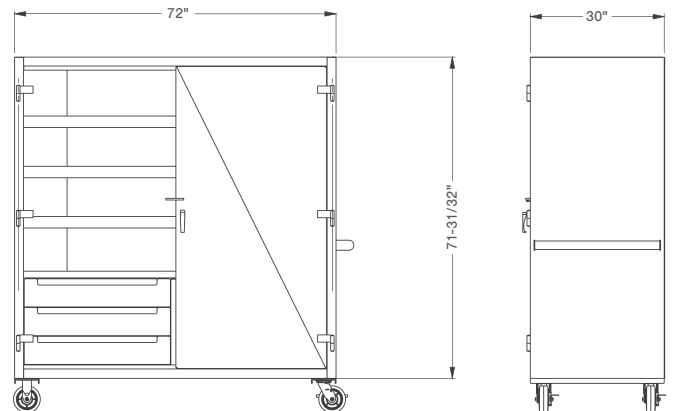

The Spare Parts Cabinet stores conveyor components, parts, and other supplies for the maintenance and repair of material handling equipment. The cabinet provides an efficient means for storing conveyor components. Easily access and track current inventory levels for conveyor related spare parts with this heavy duty cabinet is designed to meet the application requirements.

STANDARD FEATURES

- Durable, heavy duty 12 ga. steel construction
- Six drawers with full 26" extension
- Three adjustable stationary shelves
- Pull handle
- Enabled for padlock security

ABOUT US

Rack Engineering Division, LLC specializes in the manufacturing of racking and storage solutions that are heavy duty and constructed to endure high capacities and tough industrial environments. Rack Engineering Division, LLC was originally founded in 1935 in response to an industry need for cost effective solutions to storage and handling problems for raw materials and tooling while helping customers save time and space by optimizing workflow. Since this time we continue to solve high capacity storage challenges with a quality product supported by a wide network of distributors and integrators throughout North America.
