

PERSONNEL PARTITION

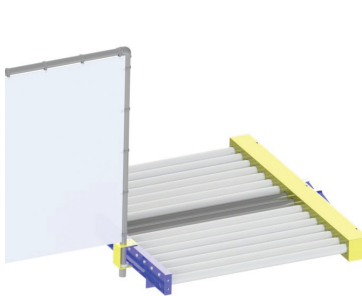

RACK ENGINEERING DIVISION, LLC

PERSONNEL PARTITION

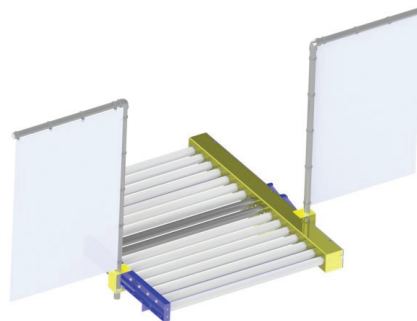

Rack Engineering Division, LLC Personnel Partitions maintain safe distancing and physical separation to help protect employees during daily operations. The Personnel Partitions ship quickly and are easy to install. They are equipped with 20 mil UV resistant transparent vinyl that easily wipes clean and provides a safe way to separate employees. The Partitions are flexible panels that can be moved as needed to provide safe separation. The panels can be fixed to the material handling equipment or free standing and come in both standard and custom sizes. Rack Engineering Division's modular Personnel Partitions are also available with Stainless Steel frames.

ABOUT US

Rack Engineering Division, LLC specializes in the manufacturing of racking and storage solutions that are heavy duty and constructed to endure high capacities and tough industrial environments. Rack Engineering Division, LLC was originally founded in 1935 in response to an industry need for cost effective solutions to storage and handling problems for raw materials and tooling while helping customers save time and space by optimizing workflow. Since this time we continue to solve high capacity storage challenges with a quality product supported by a wide network of distributors and integrators throughout North America.
